Describes Great Fight.

In the weekly meeting of Pickett Cainp, C.
V., held Monday night, the most interesting feature of the evening's programme was a description of the great right at Sharpsburk September 17, 1897, by Colonel P. F. Winston, The speaker described it as one in which the Confederates made one of the greatest records for valiant service during the course of the whole war.

The meeting next Monday night will also be especially interesting, and it is expected that there will be music and other forms of enter-tainment.

Colored Y. M. C. A The colored Y. M. C. A. will open its lecture orurse Monday night at 8 o'clock, October 18th, at the True Reformers' Hall with a new lecture by Rev. D. Webster Davis. The subject will be "Uncle Ned and His Son."

The State Board of Appeals, composed of Governor Montague, Auditor Maryo and Sectorary of the Commonwealth Exgleston, yesterday sustained Public Printer Davis Bottom in the case of the Pictor Printing Company and others, complainants, against that officer. Bare Quorum-Much Busi-

The regular monthly meeting of the Foard of Aldermen was held last night in spite of the Horse Show. However, the Horse Show had its effect, and the dignified body had to get down to business with a bare quorum. Three other

The board was not in a speaking humor, and showed a disposition to hurry through Susiness. Only one question, that of creating the office of city bac-

situted a lengthy session. Just a Quorum.

The roll-call showed the following members present: Mr. Turpin, president, and Messrs. Adams, Beck, Burton, Cottell, Dabney, Donahoe, Gliman, Gunst, Mann, Minor, Satterfield, Washer, Wood

approval, two resolutions recently Pags-ed by the board, drawing on the Contingent Fund for \$109.45 in favor of G. J. Hunt, and for \$20 in favor of the tele-phone company. The Mayor's objection to the resolutions is that the Contingent for resolutions is that the Contingent Fund is being drawn on too heavily and against public solicy. After some discus-sion, the board passed the resolution over the Mayor's veto, with an implied promise that it will in future steer clear of the Contingent Fund.

promise that it will in future steer clear of the Contingent Fund.

The Committee on Streets recommended that the proposed charter to a company to use streets, alleys, etc., to dig conduits, lay wires, etc., for a private alarm system be rejected. The board so ordered. It is understood that this ordinance was rejected to make way for an amended and improved ordinance now in the hands of the Committee recommended the placing to the credit of the Health Committee the sum of \$2.500 to pay the expenses of public vaccination. The resolution has already passed the Council and the board concurred. A report from the same committee, appropriating \$3.000 to install police alarm boxes at Jefferson Park, Camble's Hill and other parks, lies over under the rules until the next regular meeting. The report from the same committee, recommending the increase of the police force to 111 men and officers, was, on motion, laid on the table until the next regular meeting.

officers, was, on motion, and on table until the next regular meeting.

Opposed to New Officials.

The Board concurred in nearly all of the ordinances that passed the Common Council at the last meeting, including the ordinance to change Beach street's name of Harrison, to allow the Kingan Company to make a Cary street subway; to appropriate \$15,525 to pave Park and Grove avenues: to issue new bonds for \$264,390, to redeem old bonds falling due in January mext; also all of the concurrent resolutions passed at the last meeting of the Council, but when the ordinance passed at the same time creating the mew office of City Bacteriologist came up for concurrence the Board aroused itself and got into quite a lively discussion. Mr. Minor advocated the adoption of the ordinance, and was suitained by all the members of the Health Committee. Mr. Zimmerman opposed the creation of a new office. He thought the city now has enough officers to pay. Mr. Turpin (Mr. Gunat in the chair, opposed the ordinance and contended that Dr. Levy, the water doctor, and the professional health officers ought to be able to look after the duties of the proposed new office.

Mr. Wood, chairman of the Finance Committee, strongly advocated concurrence. Other members spoke on the subject, and finally, on motion of Mr. Beck, the matter was laid on the table until the next meeting of the Board, at which time it is understood that Dr. Williams, of the Council, will appear before the Commin Council's resolution increasing the salary of the Police Inspector to \$1,350.

The proposed ordinance requiring all premises in the city contiguous to sewers and water pines to connect with the Opposed to New Officials.
